Legend says that the one who possesses the Heart of Volent shall wield ultimate power. Created in the searing fires of the Big Bang, this fabulous gemstone focuses the cosmic forces which shape the universe itself. As chaos grows and a new Ice Age closes its grip on the world, you and a handful of desperate adventurers compete in your search for the gem. Are you ruthless and resourceful enough to win its power for yourself?

Not luck but judgement!

Virtual Reality Adventure Books are a new generation of interactive fiction. This unique non-random game system makes the choices all yours. There are no dice to roll, no lengthy rules to learn. All you need is the spark of your own imagination!
